- **Energy balancing, energy boosting naturally.**
- **Enabling visually impaired (blind) to recognize colors with Third Eye Activation. More than 500 visually impaired benefitted till now.**

Remarkable results while working on project “visualization of blind people and human physiology” in Pundit Deendayal Upadhyaya innovation and incubation Center at Guru Jambheshwar University of Science and Technology, Hisar. I took 100 person in total, out of them 50 were visually impaired (blind) and 50 normal students were there. 98% visually impaired were able to recognize colors and able to read normal printed books and newspapers and 50 students were experienced significant enhancement in there reading speed, memory retention, concentration and learning ability.

Jeetender is working on brain and behavior (mind) of individuals and to improve the concentration power and memorization ability of the human's BRAIN in terms of holistic brain development. It is very beneficial for each and every individual student to activate their mind for optimal performance to secure good marks and good academic performance during their learning career. He teaches individuals with scientific methods and techniques regarding how they can enhance their memory power 4-5 times more than normal.

A passionate teacher and researcher, Jeetender Kumar is known for putting his heart and soul in everything he does. With a host of strong qualifications backing him, he is always searching for new challenges which he can overcome with the use of cutting-edge technology and his deep learning of different trades. Mr. Kumar provides memory enhancement workshops which produce a noticeable and immediate effect in the lives of students who join the workshop. He is a founder member of "Wisdom of Mind" a prominent name in holistic brain development in India. Working to take an initiation for the betterment of individuals and to improve their skills which can help them further in their career. Specially working on specific methods to enhance the brain's performance.

A dynamic and result-driven professional with approx. 18 years of industrial experience. Well acquainted with the skills of People Management, Project Management, Hiring Management and Team Leader. Able to prioritize high workload as per available capacity, achieved expected productivity, quality, compliance as per SLA with client, resolved conflict with internal and external stakeholders, work as a team builder and able to successfully drive the project in high pressure atmosphere. Actively enrolled in the process enhancing and improvement projects with available analysis tool and shown visible results. His idea of profession is to work for his passion. His passion for social issues, passion for teaching, and developing the Best methods of utilizing brain's potential, passion to uplift underprivileged.

With precious qualities like mind reading, insight, adaptability, integrity, appropriateness, fast learning and a strong, honest work ethic make Mr. Kumar way better than his contemporaries. He not only worked with many organizations but was a big reason for the happiness of blind kids who are now able to see this beautiful world because of Mr. Kumar workshops. He is a combination of a warm and friendly personality with effective management skills.
